## **About me**

I received my Bachelor of Music Degree in Instrumental Performance from Kansas State University, and I am currently pursuing a Masters Degree in Horn Performance at the University of Oklahoma. I love that we can tell stories and express emotions through music.

## **Expectations**

I expect the student to be on time with their materials/music. We have a lot to get done in a short amount of time each week. Please bring a notebook to write lesson assignments and instructions down. I also request prior notice if your student will be absent and I will return the favor.

Except for extenuating circumstances (injuries, accidents, etc.), no-show lessons without 24-hour notification will still be responsible for lesson payment.

## **Lesson Payment**

Lessons are \$20 for 30 minutes.

Cash or checks are accepted

**Please feel free to contact me via email, call, or text.**

**I look forward to working with you!**

“Hard work beats talent when talent doesn’t work hard.” – Tim Notke
