

## **Blanchard Percussion Supply List**

Percussion students enrolled in band at Blanchard are required to have certain implements that will allow them to be successful. We have teamed up with Steve Weiss Music Online to offer you great prices and a benefit to our school.

First, go to [www.Steveweissmusic.com](http://www.Steveweissmusic.com).

Once you are there, click on "Find My School"

Next, you will need to click on Blanchard Public Schools in the list of schools on the left.

Once that page opens, click on the student **grade level** and **time of year (spring or fall)**. There you will see what percussion implements are required to be purchased.

Please know that we have set this up to simplify this biannual requirement. Also, the band program gets store credit from every purchase you make that we can use in Blanchard to purchase percussion gear for our school.

You are not required to buy from Steve Weiss Music. If you want to order percussion gear from another store, feel free to write down the info from Steve Weiss Music and go elsewhere. The bottom line is that every student needs to have these basic implements to succeed in band.

The deadline for students to have these items **purchased and at school** is within two weeks of the start of each semester. If you have any trouble or need info, please contact a band director!
